

Platform Feature: Vendor Module

Access real-time security data from your vendors.

KEY FEATURES & FUNCTIONALITY

- **Track and manage all your vendors**, partners, and third party stakeholders in one location
- **Associate relevant artifacts** including vendor contracts, agreements, SLAs and more
- **Invite third parties to connect to the Ostendio Trust Network** for ease of access to assessments
- **Send ad-hoc or recurring vendor risk assessments** to one or multiple vendors at a time
- **Access 300+ industry standard templates** or create your own customer assessments for vendors to complete
- **Manage risk score responses**, apply risk weighting and assign remediation tasks

The screenshot displays the 'Assessments' section of the Ostendio platform. The interface includes a sidebar with navigation icons and a main content area. The main area shows a progress bar with steps: 1. Assessment Information, 2. Template, 3. Questions, 4. Assign, and 5. Publish. Below the progress bar, there is a 'Select organizations' section with a 'Refresh' button and an 'Export' button. A table lists organizations with columns for 'Company Name', 'In My Organizations', 'Trust Network ID', 'Point of Contact', 'Connection', and 'Address'. The table contains five rows of data, with the first row selected. At the bottom, there is a 'Results per page' dropdown set to 20, a 'Page 1 of 20' indicator, and 'Previous' and 'Next' buttons. A status message at the bottom right indicates '2 organizations selected out of a maximum of 50'.

Company Name	In My Organizations	Trust Network ID	Point of Contact	Connection	Address
Ostendio Demo Inc.	Yes	1005 0148 9280 4220	Rohat Iohri (jgohi@ostendio.com)		89 Constitution Avenue Northwest, Washington, DC 20230
